The Most Comprehensive, Fully Integrated  
Fashion ERP Solution

## The ONE Software that Can Manage Your Entire Business

With all the change our industry has seen over recent years, there's little wonder why your ERP software no longer aligns with your changing business needs.

Even if you have already started evaluating other software, you owe it to yourself to take a look at Visual 2000. Our ERP solution gives you all the tools you need to manage your operations, including finances, products, production, warehousing, EDI, e-commerce, and more in a single, integrated package.

As your convenient one-stop-shop, **Visual 2000** offers:

- ▶ Cost-Effective Scalability for 2 to 200 Users
- ▶ Rapid Implementation (typically 6-8 weeks)
- ▶ Lowest Total Cost of Ownership
- ▶ Fully Integrated - No 3rd Party Software Required
- ▶ Latest Microsoft® Technology such as SQL Server®

**Visual 2000** leverages its deep industry experience to build ERP, PLM, and other software solutions specifically tailored for apparel and softgoods companies.

More than 450 companies worldwide use Visual 2000 software to reduce costs, streamline business processes, gain operational visibility and enhance collaboration.
